

Crane Training Schools Penticton

Crane Training Schools Penticton - We have designed various Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the experienced operator who needs re-certification or certification, and for inexperienced operator who is looking for a job in the business. Crane operator positions are high due to their high pay. Crane operators are among the highest paid of whichever heavy machine operator.

Our Crane Operator training offers instruction for various mobile cranes. Course subject comprises Wire Rope, Crane Set-up, Lift Planning, Load Dynamics, Rigging, Signaling and Load Charts.

The program is best for crane operators, riggers and their supervisors. The materials included in the course would include a manual and several useful handouts. The safety guidebook which is illustrated consists of 100 to 250 pages, which depends on the course, of useful and essential material. Course materials consist of load charts and load chart exercises for the crane with which the individual training is working.

Hands-On Safety Training would take up more than half of the course curriculum. The practical training section is the most effective method to improving and developing personal skill levels. Only experienced journeyman crane instructors are chosen to teach the courses. Our instructors possess many years of business experience.

For all the course we offer, we could include optional testing mechanisms to customize your training. A skills test is usually administered for programs which consist of H.O.S.T. Trainees would be tested and graded.

Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Testing & Certification.

As the new business requirements surface, the industry standards of practice also evolve. The industry sees continual updates to regulations and legislation, in addition to equipment and technology improvements. Industry data analysis and collection detect trends that are changing. Members maintain the advantage of managing their training programs and certifications. Mobile device alerts keep members abreast of personal and workplace safety news.
